HangMan Game:

How to test:

1. Download the zip file from d2l
2. Extract it
3. Go to folder www and open any html file then you are ready to go.
4. Or you can go to
 - a. www.404not-found.com to test it online
 - b. 404not-found.com also works
5. Once you get to the website
 - a. Sign up/sign in your account and play it
 - b. Only game is over or you get all the letter, then your score will be upload
 - i. We only keep the highest score you got
 - c. To see you rank click rank button
 - i. Be sure your game is over or display WINNER before clicking rank button or you score will lose
 - d. If you are not ok with you score you can click reload to restart the game
 - i. You will lose your current score
 - e. If you are not ok with the word you can click next to skip the current word
 - i. For this situation your will NOT lose your score, you can keep going until your chance become zero.
6. There is a backup database date comes with the code on d2l.
